

QUIGLEY MOTOR COMPANY, INC

QLift - Ford Transit 2" Lift Kit

The QLift is a specialty 2" lift that is designed to maintain factory angles on the Ford Transit's driveline. The QLift follows Quigley's extensive engineering design of the Ford Qualified Transit 4x4 system. These lifts are available for the Transit AWD and 2WD platforms through Quigley Motor Company and our authorized installers.

The QLift 2" lift kit will be available immediately for installation and orders can be placed through sales@quigley4x4.com or call (800) 233-9358.
