Quigley 4x4 Nissan NV Cargo & Passenger Vans:

The Quigley 4x4 Nissan NV conversion utilizes components standard to the NV or uses standard components from major automotive suppliers. Quigley engineers, designs and manufactures the 4x4 system with as many Nissan OE components as possible, for ease of service. All non-Quigley components purchased are new, direct from major auto suppliers. The various mounting brackets, adapters and other components are Quigley engineered and designed in accordance with SAE specifications. All of these components are manufactured in house or purchased from Quigley approved vendors. All vehicles built to U.S. standards only.
